The deadline to enroll Siblings of currently enrolled students for the 2017–2018 school year will be on January 31st.

This enrollment period will be for siblings of currently enrolled students only. Please email Angelica, Registrar at amontano@hawest.net with the following information: your child's name, date of birth and the grade level they will be entering. A confirmation email will be sent once your email is received. If you do not receive a confirmation email, please contact Angelica at 998-0459. Don't forget to bring in your child's birth certificate and shot record, no later than January 31st.

We will start taking applications for students who are interested in attending HAW.

Please pass the word around about what a great school we are.

National School Choice Week, 1/21-1/27

Students may wear Yellow on Thursday, 1/25, to represent their school spirit and yours!

The more Yellow the better.

WE WANT YOU!

We will be implementing NMDASH, a 90-day strategic academic plan, that brings critical members together as a team to co-construct the school vision for dramatic change and increase achievement for all students. We are in need of a core team which includes 1-2 parents, 1-2 students, along with our data coordinator to meet once per month. Your say is valuable! If you are interested, please call Olivia Flores, Assistant Director, at 505-998-0459.

YEARBOOKS ARE NOW ON SALE!

If you want a personalized yearbook, there are specific deadline dates . Please review the order form so you don't miss out! Order forms are located in the front office.

Drop off/Pick Up Safety

Please make sure to slow down in and around the school. We want to make sure our students and their families are safe. **SLOW DOWN** and be aware of your surroundings while in the parking lot. Please respect our staff members that are outside assisting with traffic and most importantly, making sure your child gets safely inside the building. Leaving a few minutes earlier will help prevent you from feeling rushed and ensures your children will be safe and on time.

Mrs. Heermann's Kindergarten class uses LEGOs to develop literacy comprehension. Using the LEGOs, students build the setting of a story from a picture book. It is a wonderful opportunity for creativity, shared learning, and team work. The activity promotes learning to build a mental picture of the story from the book's text to deepen reading skills. Interactive LEGO activities engage students to be patient and concentrate on the story requiring students to pay attention to details to assure their setting represents the book. What a hands-on fun way to learn to read!
