## Before and after school pick-up

**PLEASE be courteous and respectful to our staff on duty and traffic director!**

We understand that you may not want to wait, but there are a handful of people who are being disrespectful and all around NOT SAFE. We have these rules in place to keep all of our students safe. We are putting in calls to have the police department come out to start ticketing adults who are not following traffic directions, parking and not using crosswalks. Remember, children learn from example. Let's work together, even if it may be an inconvenience. **Ultimately, it's all about safety!!!**
